

## Geography Report Parent Resource

For this assignment, your student will first read facts about the country of Greece and then create a geography report using the facts. This report should be around 2-3 paragraphs in length and should adequately cover all of the listed facts in an organized manner.

### **Helpful Tips:**

- It may be helpful to have students use online resources to learn more about Greece
- It may be helpful for students to take notes as they read about Greece
- It may be helpful for your student to group facts together before writing their report
- It may be helpful to remind your student of connecting words such as "also" or "another".
